Graphic design. National flags made from traditional food
Enjoy your flag!

Fabio Gomes writes: For the Sydney International Food Festival the advertising agency WHYBIN-TBWA designed 18 national flags from some traditional emblematic foods from each country. Here below is Italy – basil, pasta and tomatoes. You can access *the poster with all 18 flags here*. *Access all the full-scale images here*. If you are from Italy, or the US or Australia or South Korea or Turkey or Lebanon or France or the UK or Switzerland or Greece or India or China or Brazil or Vietnam or Spain or Thailand or Japan or Indonesia, do access and enjoy and then prepare and enjoy a delicious dish using the ingredients on your national flag!

Editor's note
'Network' is edited by Fabio Gomes. Its purpose is to remind us of the contribution of the arts to our understanding of food, nutrition, health and well-being. Usually it will simply present the art without any extensive comment – though we welcome follow-up letters for publication in *Feedback*. Please send contributions to wn.network@gmail.com
